

Ski tour Brennkogel, 3.018 m

Three possible routes.

Highlight: spring classic with a view of the Großglockner

Tour time: May, June (only with stable firm!)

Details of the tours:

Route 1: Elendboden-Brennkogel

Difference in altitude: 800 hm

Walking time: 2 hours

Starting point: Glocknerstraße, Elendboden 200m after the Mittertörl tunnel

Ascent: By car to the Elendboden parking lot. Ascent in a southwesterly direction to the Brennkogelscharte, continue in a westerly direction to cross the slope and now ascend in a northerly direction to the Scharte and then via the west ridge to the summit.

Descent: descent as ascent or, as an alternative, descent in a southerly direction to the Guttal (Großglocknerstraße). However, the same route must be ascended again to the Brennkogelscharte or cab back to the Elendboden parking lot.

Route 2: Brennkogel circuit

Difference in altitude: 1.100 hm

Walking time: 3-4 hours

Starting point: Glocknerstraße, parking lot Fuscher Törl 2

Approach: By car to the parking lot Fuscher Törl 2

Ascent: First short descent (without skins) southwestward into the enormous basin of the Brennkogelkeese, further flat to the steepening in the basin end, westward steeply on a ridge and southward to the summit. Descent to the southeast into the basin of the Guttalkees. Ascent southeastward to a wide ridge and then northward always keeping slightly to the right to the highest point, short descent to the saddle and then ascent via the west ridge to the summit.

Descent: as for route 1

Route 3: Guttal-Brennkogel

Difference in altitude: 1.100 hm

Walking time: 3 hours

Starting point: Glocknerstraße, Guttal-Ankehre parking lot

Ascent: At the Ankehr bridge, head north along an alpine path. In a few minutes at the level of the opposite alpine pasture, diagonally right uphill to the Bretterböden. From here you already have the Brennkogel in front of you. Continue to the saddle to the left of the Brennkogel and then over the west ridge to the summit.

Descent: as ascent.

Weather info: Find out about the weather situation in the touring area before each tour, e.g. at www.wetter.orf.at or www.zamg.at

Avalanche information: Before each tour, find out about the current avalanche situation in the touring area, e.g. at www.lawine.salzburg.at. In any case, avoid ski tours when there is a warning for avalanche danger.

The use of this tour description is at your own risk. A liability for any accidents and damages is not assumed for any legal reason.
