

Skitour Schönwieskopf, 1.994 m

Details of the tour:

Altitude difference: 950 hm

Walking time: 2,5 hours

Starting point: Zell am See - Thumersbacher Graben - Waldheim

Tour time: December - May

Highlight: View of the Hochkönig.

Route: Ascent from the Wh Waldheim northeastward across the farm meadows to the last farm and to the edge of the forest. Continue on the marked summer trail (No. 81) crossing the forest road several times to the Unterdillingalm, then across open meadows and through a small forest aisle past the Schattbachalm and over the increasingly narrow southwestern ridge to the summit cross.

Descent: as ascent.

Weather info: Find out about the weather situation in the touring area before each tour, e.g. at www.wetter.orf.at or www.zamg.at

Avalanche information: Before each tour, find out about the current avalanche situation in the touring area, e.g. at www.lawine.salzburg.at.

In any case, avoid ski tours when there is a warning for avalanche danger.

The use of this tour description is at your own risk. A liability for any accidents and damages is not assumed for any legal reason.
