

For a good
animal
togetherness.

Dog walking etiquette

Basic rules for walking the dog

Dear dog owner, we are happy that you and your four-legged friend are enjoying our wonderful holiday region BRUCK FUSCH | GROSSGLOCKNER together. For a good togetherness and a clean environment, we ask you to adhere to the following rules:

Basic rules

- Dog must be kept on a leash without exception | no muzzle obligation in and outside the local area as well as in meadows and forests
- Keep dog on a short leash and mutual consideration when meeting with other walkers, children and dogs
- Collect the dog poop with the bag and dispose it in the designated waste container
Free use of the dog stations!
- Respectful handling of land
- Stay on public and signposted paths
- Be careful in traffic
- Beware of forest paths: show consideration for wild animals

Dog and cow encounter

- Keep your dog on a short leash next to pasture areas
- Avoid herds, look for another route
- Keep distance to mothers with their calves
- Only let the dog off the leash if a cow attacks

The **nearby dog zone** at the bathing area Erlberg in Thumersbach / Zell am See provides the necessary run and exercise for your dog.

We kindly ask you for your understanding that if the generally known rules are not observed, consequences can be expected.
